EDUCATION

● BE in Computer Engineering

University of Mumbai

Pursuing

● Diploma in Computer Engineering

Vidyalankar Polytechnic

Completed in 2022

PROGRAMMING LANGUAGES

- Python
- Dart
- PHP

FRAMEWORKS

- Flutter
- Flask
- Django

DATABASES

- MySQL
- SQLite
- Firebase
- MongoDB

TOOL'S

- Postman

TECHNOLOGIES

- Machine learning & Artificial Intelligence

TECHNICAL EVENTS

January 2024 | Hackathon Winner
mIndicator

January 2024 | Hackathon Finalist
Rajasthan Police

March 2022 | Hackathon Winner
Vidyalankar Polytechnic

CERTIFICATES

- API Developer
- Flutter with Firebase
- Postman API Fundamentals Student Expert
- Building Web Applications in PHP

Sanket Ugale

PROFILE

I'm a Computer Engineering student specializing in leadership, project management, and versatile programming languages such as Python3, PHP, Dart, and JavaScript. I have hands-on experience building efficient mobile applications with Flutter and backend development using Django, Flask, and Django Rest Framework. My skills extend to database management (MySQL, MongoDB, SQLite, Firebase), cloud solutions (AWS), AI/ML, version control (Git/GitHub), and web development (HTML, CSS, Bootstrap). With a strong foundation and adaptability, I'm equipped to tackle diverse challenges in the tech landscape.

WORK EXPERIENCE

2022

Web Developer Intern

Noble Intermediates PVT LTD

During this Internship I have learned about web application development and created Ecommerce web-application from scratch for the company.

2021

Application Developer Intern

A2TECH CONSULTANTS

During this Internship I have learned about desktop application development and created one desktop application for the company.
